## 2 Membership Class

**Biomass Fuel Member**

Companies that generate more than 50% of their revenues from the manufacturing, distribution, or trading of biomass fuel products primarily for thermal applications. Including, but not limited to biomass fuel manufacturers, biomass fuel distributors and biomass fuel traders.

**Biomass Appliance Member**

Companies that generate more than 50% of their revenues from the manufacture, distribution, or resale of biomass thermal appliances and equipment. Including, but not limited to: Biomass thermal appliance manufacturers, distributors, and resellers of biomass thermal appliance and heating equipment.

**Biomass Supply Chain Member**

Companies involved in biomass thermal energy that wish to become a member and are not eligible for any of the other categories. Including, but not limited to: Feedstock companies, forest and land management companies, logging companies, manufacturers of equipment serving biomass thermal energy markets, capital investment companies, insurance companies, and architects, engineers, and other consultants.

**Education/Non-Profit Member**

All allied non-profit organizations and educational institutions that wish to become a member.

## 3 Sustaining Member

Sustaining Member contributions provide the resources needed for the development of the organization and for its continued efforts to advocate on behalf of biomass thermal energy at the local, state, and federal levels. Upon application approval, all Sustaining Members become a voting member of the Policy Committee, receive special recognition on the BTEC website and in promotional materials, and may designate a Board Director, up to a bylaw-defined limit.
